### Chapter 1 by Auminix

My name is Jade.

I'm in a group of 7 friends, not including me.

Their names were Sapphire, Emerald, Ruby, Topaz, Diamond, Opal, and Pedriot. For all I know, they were the best friends in the world.

One day, me and my six friends (Opal had been missing since yesterday) were walking down a street when we saw a man - with a sack, in a carriage. I heard a faint cry for help.

"There's someone in there," I whispered to Sapphire.

"Let's go, girls!" she loudly whispered. We ran to the cart and got in the back. Pedriot called 911.

Diamond took out her knife and cut a hole in the bag.

"Opal!" she said.

"SHH!" Opal whispered.

"Oh, sorry!" Diamond replied.

## Chapter 2 by Russell soup

### \*He took out his rifle.\*

He fired and just missed Emerald and everyone scattered, including Opal. He fired of three more shots, one hitting Ruby in the hip. Topaz and Diamond caught Ruby and hobbled off to one of the neighbor houses and called the police. I ran off in the opposite direction with everyone else to mislead the man. Everyone was freaking out and Opal passed out. On further inspection, Opal had slash marks all over her body from a knife and when some of them started to bleed, we all started panicking. After about three minutes there was pounding on the door of the shed we hid in. We held the doors shut with all our might and kept it closed. Sirens started to sound down the road and the man got frantic. He shot a hole in the door right next to me. The police cars pulled up and we heard the police men tazed the man. There was a loud thump as he fell over. We were let out and all taken to the police building. Ruby made a full recovery and the man was sentenced for life.

## Chapter 3 by Cat4055

Wow. Come on Russell. You just finished the story and it's only the second chapter. OK, let's try again. Let's pretend that the man has just broken through the door and the police aren't here. Now, don't end the story right away this time. This is your last warning.
